reflect your personality

Your preferences are as different as your fingerprint. Think about the recipes you love or the clothes that look just right on you. Imprezza extends its choices to match your personality. From quiet to bold, we have a style for you.

confident

Self-assurance in the kitchen starts with a work space guaranteed to exceed expectations. When function and beauty collide, the results are astounding.

Maddock offers crisp lines for a new take on shaker styling, and pairing linear elements adds a strong statement of confidence. In a work space with a can-do attitude, who knows what your next kitchen creation will be!

The well-mannered kitchen—everyone’s favourite gathering spot—is now very practical, quite glamorous, and a dream for hosting, cooking and entertaining. Our Tequila stain with Peppercorn Glaze wraps this clever use of space in mellow warmth, a subtle complement to chic grays.

tasty

Mouldings are a feast for glaze lovers. Carrington’s rich, raised-panel goodness mixes with the spicy elegance of Tequila with Peppercorn for artistic depth, touches of heat, and a fresh look. The fine black glaze deepens the gentle colour of the finish. Yummy. Traditional or transitional, Carrington is available on Alder, Cherry and Maple.

easygoing

Surprisingly friendly, opaque finishes define a space, complementing both modern details and traditional conveniences. Black creates instant lines and shapes a space visually. Calm, cool and collected, this quietly elegant neutral works as accent or dominant colour.

The soothing finish combination of Anise and Nimbus paired with abundant storage lets every day begin with an optimistic start— necessities right at your fingertips and ends with a relaxed sigh, knowing everything is in its place.

relax

WOW

First look — end result, one word sums it up. With star power straight from the stratosphere, the range of smooth and sublime Acrylic finishes pair with trendsetting textured Thermofoil, taking design to a new height of contemporary ambiance. Families and Fashionistas alike will love the interplay of colour of Acrylic and texture of Thermofoil when it's combined with form and function.

refined

It is time to polish the way we think about kitchens. Static preparation areas are out. Welcome in creative surfaces for expressing your inner culinary artist. Imprezza integrates organization and aesthetics in every nook, down to the last detail. Dinner guests will appreciate the transformation of your kitchen as much as you do.

Come in, let's visit! The warm welcome extended by the beautiful Safita Kitchen practically has the coffee waiting on the counter. Contrasting the soothing Moonlight island against its Cherry Truffle backdrop invites company in, again and again. With extra seating found at the window seat, one might be tempted to curl up with a good book—instead of cooking dinner!

inviting

relaxed

Warm and glowing—the perfect space for casual entertaining. Talon's popular lines create a smooth backdrop for an engaging display of pottery and glassware. Careful attention to detail allow the Arts & Crafts open angle corbel to anchor the best seats in the house—just waiting for guests to gather round.

COZY

For families on the run or couples taking it easy, there is a kitchen for you—a place that caters to quick breakfasts as easily as relaxed mornings with coffee and a newspaper. Imprezza takes you where you want to go, to the home where you feel welcome. What makes our cabinetry the perfect choice is your personal touch.

Embrace the unexpected! No matter the task at hand, everyone knows it's much more fun to work in a pleasant environment. The sleek Cato door paired with the sublime Prosecco finish adds fresh perspective to a room not usually known for its lavishness. Who knows, this could become your favourite room in the house!

luxe

A great room is one where everyone likes to join in casual conversation and share delicious food and drink while enjoying the company of family and friends. Leroux and Gilles are best mates in the best sense, combining eclectic style with clean lines and a fresh approach adding that perfect backdrop for everyday living.

esprit

Inviting joy into everyday life is easy, when a space works and plays as hard as you do. With colour combinations that set a vibe filled with fun, and innovative storage systems that pack a punch to clutter, you'll find that accomplishing the mundane is anything but!

serene

Everyday should begin in such lovely surroundings. Partnered with a spacious expanse of countertop perfect for everyday necessities, the sleek Shattsburn door echoes the serenity of this ensuite bath. The crisp natural tone of Flint thermofoil exemplifies tranquility, perfected with good looks and oh-so-easy care!

Prettiness sparkles when you embellish Warrington's beveled raised panels with distinctive side-tapered legs. Silhouettes of the leg and scroll corbels are unified by similar proportions and the creamy Chamomile opaque finish.

tidy

Imprezza's beautiful finishes, door styles and embellishments help complete your vision for a perfect cabinetry exterior. And our axesso organization collection offers just right accessories for the inside. Looking for a way to make the most out of a tucked-away corner cabinet?
